

# TOWERGATE INSURANCE

## YOUR EDUCATION INSURANCE SPECIALISTS

### WHO ARE WE?

Part of the Towergate group, we specialise in insurance and risk management solutions for education professionals across the UK. We combine our expertise and knowledge to really understand our customers and their requirements and create policies, alongside our insurer partners, to meet your specific needs.

### EXPERTISE

As your insurance broker, our responsibility goes over and above just providing a suitable policy – it's also our job to support you in minimising risk in the first place, which is why we include added value where possible in the policies we offer. We understand that no two education providers are the same, and we tailor our advice to each individual establishment. Our clients cover the wide spectrum of education provisions and we aim to support you regardless of the type of service you deliver.

### INSURANCE AND RISK MANAGEMENT SOLUTIONS

We provide a genuine insurance broking service, with the option of at least three insurers where we will recommend the most appropriate based on scope of cover and price. This service means that you don't need to spend time dealing with several brokers who are likely to produce one quote from the same insurer, making it difficult to make an objective comparison.

The covers we can arrange for you include:

- Property Insurance
- Employers Liability
- Professional Indemnity
- Fidelity and Crime/Fraud
- Annual Travel
- Driver Profiling
- Legal Expenses/  
Employment Protection
- Motor and Occasional Business Use
- Business Interruption
- Public Liability
- Governors' Liability
- Cyber Liability
- Engineering Inspection  
and Insurance
- Staff Absence insurance
