Teacher and Pupil Comments about Paws b

"I leave every **Paws b** lesson feeling invigorated and inspired and excited that this generation of children are being offered skills to help them navigate the ups and downs of life. "

"Seeing the impact of children in difficult family situations has reaffirmed my belief that this is very important and vital work to be done with children and young people."

"The power point presentations are powerful and engaging. The science of learning about their brains had a massive impact in helping them understand how to respond thoughtfully instead of reacting to challenges. The techniques are practical and simple. "

"I believe children really respond to the science about the brain and it helps them to understand why they feel, think, react, respond in the way they do - I really believe in this curriculum and feel it should be statutory, with staff living and breathing it too, as that's where you really see the difference."

"Having the knowledge and strategies so when i do feel nervous or angry i might be able to use them to try and help me calm down!"

"It helped so much with my anger issues and loss of sleep and so much other stuff"

"It was very fun and it helped me sleep better I did it one night and it worked and I have used it since."

"I found that it really calmed me down in tricky situations, and helped me get past obstacles."

"It's good because you can do it anywhere, anytime and you don't need any materials."

"I get anxiety, which affects me at home and school so some of these practices have been helpful."
